

❖ ONE DAY WEBINAR ON ❖

Impact of Virtual Classroom on Students' Mental Health with special reference to National Education Policy 2020

❖ OBJECTIVES ❖

- To raise awareness about depression in this unusual time.
- Equip students and mentors with effective strategies to manage emotions .
- Understand the impact of a mental illness on the students.
- Comprehend the importance of support from the teachers, peers and society at large.
- Develop strategies for helping themselves or others who cannot cope with the sudden changes in the education system.
- To rediscover and rediscuss policies and plans that might help us to progress ahead in shaping the future of our students.

INVITATION

As we all know that education is empowering and redefining. To the young Indians, education is about the path of breaking the cycle of ignorance and poverty and leading themselves to employment and prosperity. In these tumultuous days of COVID-19 Pandemic, education has changed dramatically—this sudden and tremendous shift has taken a toll on the Mental health of our pupil, making all of us anxious about their unknown future.

Keeping this in mind, Jyotirmoy School of Education is organizing a Webinar on: Impact of Virtual Classroom on Students' Mental Health with special reference to National Education Policy 2020

We shall be highly obliged if you Grace this occasion and share your thoughts and views on this matter that will guide us steer ahead in future.
